2006 isuzu npr repair manual pdf. 2006 isuzu npr owners manual pdf.

The differences are only in the capacity of the fuel tank: in the smaller model, are 75 liters and in the larger - with a volume of 100 liters. Inside, an adjustable steering wheel is installed on two planes, air conditioning, electric windows and electrically adjustable and heated mirrors. The basic equipment includes ABS, EBD and a switchable ASR traction control. It is possible to install awning maple platforms. A 3-speed mechanical gearbox is aggregated with this engine. Series C Designed for the transport of goods with capacity up to 20 tons, in addition to various bulk materials. On the front panel, there is a location for an audio system and a tachograph. This car has several models and modifications, including chassis, vans, handlers, onboard cars, refrigerators. For the NMR 85L model, given the distance between longer axes, a larger van is provided - 4300x2000x2000 mm. The rear bus is also used. In this case, the door locks are internal, although external are also possible, with a vertical bar that secures the door from above and below. Thanks to resistance and simplicity, Isuzu trucks are great for our roads. A special location in the cockpit is given to the storage compartments. The line of truck models Isuzu is divided into 3 series: series n - This series is intended for the transport of goods weighing not more than 5.5 tonnes. In the presented NLR 85L machine, it has an anti-slip floor and aluminum flanges. In addition to the glove box, there are convenient shelves for documents above the windshield, a credit card holder and cup holder with spring locks. Wide doors open 90 degrees and the entrance and exit are also facilitated by the handrail on the pillar A and support for anti-slip feet. Three-seat ACB and 124 hp diesel engine unified with NLR 85L. Series E - Truck tractors/heavy duty. by the way, the actual fuel consumption is impressive: for the nlr 85L, it is 8-9 l. aThe class car model also offered - Isuzu NMR 85L. The rear suspension received springs. All Isuzu trucks differ by reliability, comfort and innovation. At the end of NLR 85L, a front-dependent suspension is installed here, and the spring, but the spring. Its chassis is twice the load 80 - 3200 kg and a gross weight of 5200 kg. Develops 124 HP. As for the engine, the Isuzu NLR 85L is fueled by a 3-liter economic diesel, and a 354 nm at 1500 rpm. The variety of commercial vehicles, in turn, is divided into a nibus and trucks.
